Welcome to Botanic Spa by Sisley

In the heart of Málaga, we open our doors to an intimate and exclusive sanctuary... a space created to envelop your senses and offer moments of rest and renewal.

Amid chromotherapy lights that evoke harmony, music selected to nurture the mind, and sublime aromas that inspire calm, each treatment combines the excellence of Sisley Paris with precise movements and unique techniques, transforming every experience into a sensory journey filled with serenity.

We partner with cosmetic brands such as Sisley Paris (where phytotherapy and aromatherapy, combined with research, make it a leading name in skincare), Alquimia (well-known for its high-quality body and essential oils), and Sultane de Saba (for its high-quality organic products).

***** To enhance your wellness experience, we recommend using our water circuit, which is especially recommended before any treatment, as it maximizes the benefits of your session and promotes complete relaxation and absolute serenity. *****
